MADRAS:
PRINTED BY HIGGINBOTHAM AND CO.
1882.

EXTRACT FROM THE BUDGET OF 1882-83.

The following are the principal features of the scheme, for the issue of Indian stock notes :—

- (1) With the object of affording greater facilities for the investment of small sums at interest, the Government of India have determined to issue a new kind of security termed "stock notes."
- (2) Stock notes will be of four denominations, viz., Rs. 12½, 25, 50 and 100.
- (3) Stock notes will be issued at par and will bear interest at the rate of 4 per cent. per annum.
- (4) Stock notes will be transferable from hand to hand without endorsement, or any other formality whatever, the purchaser, presumably, paying to the vendor the interest accrued up to date of transfer. The amount of interest accruing monthly on each note will, for the convenience and security of the public, be stated on the face of it.
- (5) The interest payable on stock notes will be free from taxation of every description.
- (6) In order to obviate inconvenience to landowners from the collection and payment of land revenue, stock notes may be deposited at the Government treasury where such revenue is payable, and the interest thereon will be credited, as it falls due, to the land revenue account of the depositor. The notes will be returned and the arrangement terminated whenever the depositor so desires. The interest on coupons, if they are presented undetached from the stock note to which they belong, will also be credited, when it has become due, in payment of land revenue and State demands of all kinds.
- (7) Stock notes will appertain to certain circles of issue, and the value of the note and amount of interest accruing monthly will be stated thereon in the vernacular languages of the circle, as in the analogous case of currency notes.
- (8) Stock notes will be obtainable on demand at all district, sub-divisional, and tahsildars' or similar subordinate treasuries. Notes of any of the three lower denominations will also be exchangeable at such treasuries for their equivalent in notes of the higher denominations. Arrangements will be matured hereafter, as circumstances permit, for the sale of notes by stamp and other licensed vendors, and at post offices.

- (9) A commission of 1 per cent on actual sales will be allowed to all persons, whether in the service of Government or not, who are charged with the sale of notes of the three lower denominations. On the sale of notes of the higher denomination, no commission will be paid, except in special cases.
- (10) Notes of the three lower denominations, viz., Rs. 12½, 25, and 50. Interest will be payable annually on presentation of the note, on or after the dates specified thereon, at any of the treasuries described in Clause 8 which is situated within the circle to which the note belongs. The transfer of payment of interest from one circle to another will not ordinarily be allowed. On the first presentation the disbursing officer will himself cut off, and retain as a voucher for the debit in his accounts, the coupon or portion of the note relating to the first payment of interest; and on subsequent presentations he will similarly cut off and retain the succeeding coupons. On presentation of the final or principal portion of the note he will retain it, and issue to the holder a new note, which will similarly run for a fresh series of years; and so on, unless the note shall have been advertised for repayment. No note will be discharged within twenty years from the date of issue thereof, or without six months' previous notice of intention to discharge.
- (11) Notes of the higher denomination, viz., Rs. 100. Interest will be payable annually on presentation of the note, on or after the dates specified thereon, at any of the treasuries aforesaid. The disbursing officer will himself cut off, and retain as a voucher, the coupon relating to the period for which interest is due. Notes must, in this case, as under Clause 10, be presented intact, and the proper portion will be cut off by the disbursing officer. On the tenth presentation the note itself will be retained, and a new note, with nine coupons attached, will be issued in its place, to run for a fresh term of years; and so on, subject, however to the power to discharge, as stated in Clause 10.
